

## TEMPLIS AQUARIA

*Weddings & Elopements*

### Welcome, Beautiful Brides and Grooms!

Congratulations on your engagement! 💍 This is such an exciting chapter in your love story, and we're honored that you're considering Templis Aquaria Eco Sanctuary as the setting for your special day. Nestled in the lush mountains of Puerto Rico, our off-grid paradise is the perfect escape for couples looking to celebrate their love surrounded by natural beauty and serenity.

#### Our Venue

Templis Aquaria is a sanctuary of love, nature, and connection. Whether you're planning a minimalist elopement or an intimate micro-wedding, our venue provides a stunning and serene backdrop for your celebration.

Located in the heart of Orocovis, just five minutes from the iconic El Chorro de Doña Juana, Templis Aquaria spans three acres of lush riverfront at the meeting point of four rivers. This unique oasis is not only home to free-range chickens and majestic peacocks but also boasts an abundance of tropical delights, including banana and orange trees, jackfruit, pomegranate, cacao, sugarcane, and vibrant garden beds. Rustic stone trails wind through the property, leading to a secluded year-round waterfall with its own swimming hole, and—after heavy rains—a spectacular 90-foot cascade directly behind the ceremony arch. Fully off-grid and sustainably powered by solar energy and natural spring water, Templis Aquaria is a true sanctuary, offering an enchanting and eco-conscious setting for your wedding day.

# Breathtaking Waterfalls

## •The Year-Round Waterfall Aquaela Falls

Just a short, scenic five-minute walk from the venue, this waterfall features a refreshing pool—perfect for pre- or post-ceremony photos, or even breathtaking in-water photos.

## •The River Deck Waterfall Quebrada Aquelos

This spectacular 90-foot-tall waterfall graces our venue sporadically, appearing after heavy rain. Due to weather variations, we cannot predict its flow, but when it appears, it creates an unforgettable backdrop for your ceremony. Even when it's not flowing, the river will always be meandering gently behind the wedding arch, and the scenery is still incredible.

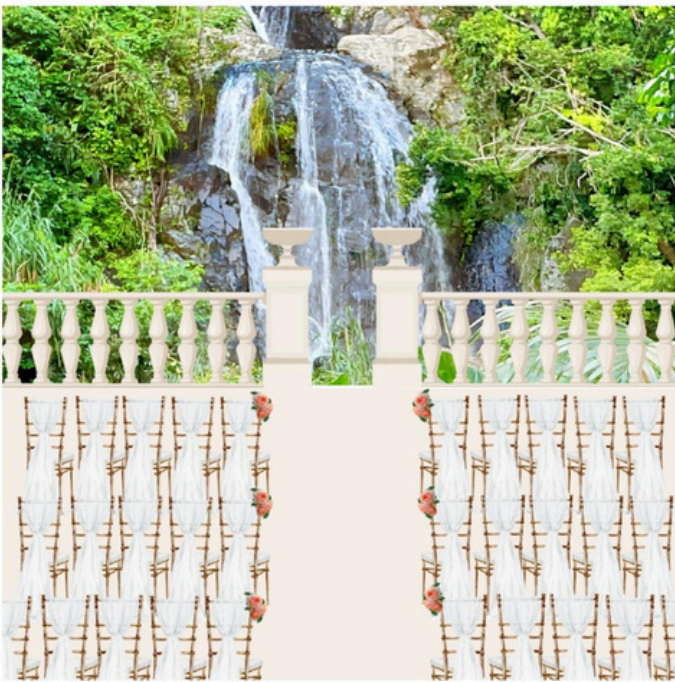

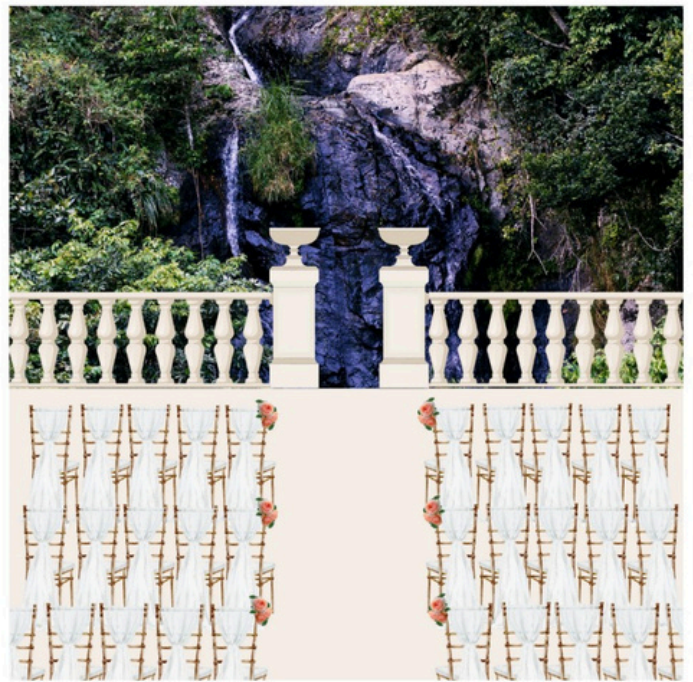

## Ceremony Deck Project

In place of the tubs, we are constructing a beautiful deck overlooking Quebrada Aquellos that can accommodate up to 36 guests. A Quebrada is a waterfall that mostly only flows after heavy rain. We have broken ground and its opening debut April 2025! Here is a sketch of what it will look like with and without the waterfall flowing. There is no way to predict whether it will be flowing or not.

After Heavy  
Rainfall

During Dry  
Season

### Cooler, Tropical Weather

Perched at a higher elevation, our venue enjoys cooler temperatures than the coast, creating a refreshing environment for your wedding, it can get quite cool at night! As part of the rainforest, the area is prone to occasional heavy rainstorms, but the **driest months—April, May, June, and July**—are ideal for outdoor celebrations.

## Nature's Guests

Our free-range chickens and majestic peacocks roam freely on the grounds, adding charm and whimsy to your celebration. These feathered friends may even join your ceremony, creating unforgettable memories and unique photo opportunities!

## Our Commitment to Sustainability

We are dedicated to honoring the Earth while celebrating love. Templis Aquaria runs mostly on solar power and entirely on spring water, ensuring a sustainable and eco-conscious experience for you and your guests. By choosing us, you're embracing a venue that honors the natural beauty of Earth.

## What Sets Templis Aquaria Apart?

- I'm as excited about your wedding as you are! You can call, text, or email me anytime, and I'll respond promptly to support you through the process.
- Whether it's offering advice, helping with local referrals, or ensuring your venue is perfect for your big day, I'll go the extra mile to make sure your wedding is **stress-free and unforgettable**.

### Unlimited Time to Celebrate:

- Our packages (except Nature's Vow) include **multi-day access** to the venue, allowing you to:
- Set up your wedding exactly how you envision it.
- Host a relaxed rehearsal dinner with your loved ones.
- Celebrate your wedding day at your pace, with no strict time limits.
- Enjoy a post-wedding brunch in our serene setting.
- Unlike venues with hourly charges or rigid timelines, we prioritize flexibility so you can fully immerse yourself in the experience, there is no extra cost for those events at the property.
